

KNIGHTS CORNER

July 9, 2023

St. Charles Council #2084

Hard to believe, but we're only about 6 weeks from the Danish Festival and by popular request the Knights will again be hosting our Aebleskiver booth.

Each year I'm blown away by a few things. First, how our band of knights, families, and parish family all pull together to make this such an extraordinary event for the festival. I don't think I'm exaggerating when I say we are one of the main attractions.

Second, I'm always amazed by how many people I don't know come up to us and mention, "my grandpa was a knight", "my sister goes to St. Charles", or "my mom went to your school". It's an important reminder that when we volunteer for events in the community at large like this it's a chance to show we care and have conversations with people we normally wouldn't get to interact with.

Thank you for all your support in years past and as August 17th and 18th approaches please consider helping us in the booth or kitchen. More to come, but please reach out at GK2084@gmail.com or 616-916-0143 to volunteer or with questions.
