

# KNIGHTS CORNER

June 11, 2023

## St. Charles Council #2084

On this feast of Corpus Christi, we Knights are honored to take part in the Eucharistic Procession. It is a simple little offering to God, when you think of how our Lord and Savior, Jesus Christ, offered his very self up for us.

He was tortured for us, scourged at the pillar. He was ridiculed for us, mocked and forced to wear a crown of thorns before a jeering crowd. He was condemned for us, forced to carry his own cross on the way to his execution. He died for us, nailed to the wood and left to die on public display. All of it for us.

And the night before, he offered us even more, his very Body and Blood, appearing in the form of bread and wine, for us to eat and drink, heavenly food to be offered up on the altar continually to this very day. Jesus Christ, truly present in the Eucharist, for us. We process for Him!
