December 8, 2024

St. Charles Council #2084

Last weekend we put up the Creche reminding us that Advent is here and helping us to focus on the true meaning of the Christmas Season. Several weeks ago we delivered the over 200 bags you all donated to the food pantries and handed out roughly 70 Thanksgiving baskets. A record on both counts. Thank you so much for your generosity and to all our wonderful helpers.

Because of your many donations we've decided this year to expand our Giving Angels program. In addition to providing presents, essentials, and a meal to families in need like we usually do each year with your support, this year we've decided to offer a Christmas meal to individuals and families who may not have "present age" children or who may not need gifts but could use a holiday meal. Thank you so much for your outpouring of support and helping us touch some extra hearts this Christmas.

Also, A few weeks ago I wrote about the traveling hour of Adoration the Knights are putting on to foster vocations. Next Thursday, December 19th our council will host it here at St. Charles from 7-8. Any and all families are strongly encouraged and we'd love to see a strong home showing as people will be traveling from around the deanery. Join us in spending some extra time with our Lord and showing him how much we value his chosen sons and daughters.
