## St. Charles Council #2084

Just as I'm sure you are starting to feel in your own day to day lives, the ramping up of our Thanksgiving programs reminds us that the greater holiday season is upon us and Advent is right around the corner. While I'm sure not everyone would agree, I think we're blessed to be in a part of the world where the weather during this season dictates our behavior.

Right now many of us are putting away summer things and preparing our houses for winter. So too, the upcoming Advent season is about preparing ourselves and our lives for Jesus. The colder and rainier days might be leading some of us to spend more time indoors either putting us closer or giving us more time to reach out to our families. The programs our council does the next two months align with both of these themes. In November our Food for Families initiative: both pantries and our Thanksgiving baskets, and our Christmas Angel program are ways to support families in our community. And our various Keep Christ in Christmas initiatives encourage us and the community at large to spiritually prepare.

Our order aligns with both of these things too. Making us better men spiritually and as a father, grandfather, brother, or son. If this Thanksgiving or Christmas season you feel called to explore a way to commit to being a Catholic gentleman we'd gladly have you join us.
