

Knights Corner

October 20, 2024

St. Charles Council #2084

New Brothers, brothers who haven't been able to make an event in a while, men thinking about joining, or anyone who would like a little bit of an update. This coming Thursday 10/24 our meeting at 7pm will be a special meeting for you.

The past few years we've had a lot of new members join which is awesome! But we haven't had an event/ time where we welcomed everyone, introduced them to the other new brothers, gave an overview of all the things the council does, and asked what each of you might like to see us do as well. This Thursday we would like to do just that. Please make every effort to attend as this meeting will give all the emails and articles a bit more context for you and introduce you to all the other new Knights who have joined.

This past week we had 2 things happen. 1st the 4th degree went and visited the hospital's rehabilitation facility to visit with some of the residents. In a few conversations I learned they enjoy reading our bulletin (Hi friends!) and as always my boys for some reason were more popular than me. We also started the Blue Knights after school group at St. Charles where the boys learn about Saints, a specific Catholic virtue, bible verses, and build a craft symbolizing that virtue. This is alongside the Little Flowers group for the girls which started this week as well.
